

2019 Summer Missions Team (SMT)

Counselor in Training

The desire of Center Lake Bible Camp is to provide quality camps that campers and their families can feel safe, have fun, make great memories, and move one step closer to or in their relationship with Jesus Christ. Summer staffing and our SMT program are two of the most important facets for these things to take place. This Job description is one of many ways we navigate through the acceptance process into the SMT program. We ask that you read through this job description with discernment and discretion while also understanding that a SMT position at Center Lake involves much more than what can be defined in a one-page job description. This job description is the base foundation for what Center Lake is looking for and expects from someone in this position.
